Messrs. Robert and Donald Ferguson, of Berlin, left Monday afternoon for Half Moon lake, east of the Ocklawaha river, where they will spend a few days hunting and fishing. Pearson, who accompanied her daughter, Miss Alta Pearson, to Atlanta and Gainesville, Ga., will leave the latter place next week for Harrisonville, Mo., to join her husband, who has been there for some time and before returning they will visit their daughter, Mrs. Gordon D. Ask John Robinson to tell you about his trip to New York, especially of his return trip through Washington and what he saw there.

The board of county commissioners, the school board, the city council and courts galore, have been in session this week. It takes a good deal of hammering to keep our civilization going.

Mr. Will Irvine, of Orlando, formerly a resident of this city, was a visitor to Ocala Tuesday. This was his first visit here in five years and during his stay was kept busy shaking hands with old friends.

Mr. Joe Davis, of Summerfield, one of the most prominent farmers and truckers in that section, was transacting business in Ocala Tuesday, and while in the city dropped in and made us a friendly call.

Miss Margaret Taylor, of this city, who has been teaching summer school at Rossburg in Suwannee county for several months, has returned home. She spent several days last week in Lake City, where she was the guest of Miss Georgia Berger. Miss Taylor's friends will be sorry to learn that she has been on the sick list since arriving home.

S. Kurtz Wallace has returned home after a stay of several weeks in Birmingham, where he was engaged in extensive building work. He returns firmly convinced that Birmingham and Tampa are the two most promising industrial centers in the southland, and that, of the two, Tampa is the best. He has identified himself with the Tampa Steam Ways Co.—Tampa Tribune.

Mr. L. L. Aiken, of Rock Springs, has just returned home from a six week's visit to his old home at Carrollton, Ga. While there he attended a meeting of his old company and says that out of one hundred and four there are still twenty-seven living and says that Atlanta has made a wonderful improvement since his last visit there forty years ago and that he had a most pleasant visit.

Mr. Fayette Miller, of the Cotton Plant neighborhood, was among the many visitors to our city Monday. He is one of the best known cattle men in the county and he says that the cattle this year are the finest and fattest he has ever known and that the ranges are manifestly in better condition. That Messrs. James A. Badger and Newton Blitch marked one hundred and forty-seven calves last week taken on the range and although only a year old they looked as big as heifers and were fat as butter balls.

Mr. and Mrs. John D. Robertson, who attended the Bryan "home-coming" in New York on August 30th returned home Monday afternoon. Mr. Robertson says that Mr. Bryan made the most wonderful speech he ever listened to and Madison Square Garden, having the largest seating capacity of any building in the United States, was literally packed, not only every seat being occupied but standing room was also at a premium and at Madison park, where Mr. Bryan afterwards spoke he was greeted by at least forty thousand spectators. Mr. and Mrs. Robertson stopped at the Victoria hotel, the headquarters for the Florida people, and had a most interesting trip. Returning they stopped over in Washington City, visiting all the places of note at the capital.

Mr. H. G. Kean, marshal of Dunnellon, who was accidentally shot Monday night, was brought to Ocala yesterday morning and is now at the Marion county hospital, where he is in a very critical condition. It is feared that he cannot recover. One of the sad things relative to this unfortunate affair is the fact that Mrs. Kean is very ill with typhoid fever at their home in Dunnellon and cannot be with her husband.

Mr. Robert Kaiser, who has a profitable business at Hastings, came down Tuesday to see the folks and will return today. His two sons are with him at Hastings and they are doing well. Mr. Kaiser says that Hastings will be more busy this season than ever and a large area will be planted to potatoes for shipment of which Hastings now holds the blue ribbon. Mr. Kaiser found the Hotel de Kaiser, under the management of Mrs. Kaiser, doing well during his absence.

Col. Nic Barco, of Crystal River, spent Tuesday morning in Ocala. He was accompanied by his attractive daughter, Miss Minnie Barco, who was on her way to Stanton, Virginia, where she will remain for the next two years attending the Mary Baldwin school. Mr. Barco accompanied Miss Barco to Stanton. Mr. Barco says the G. & G. railroad has graded two miles of road leading out from Crystal River and it is now an assured fact that this great enterprise will take in Crystal River in its line of march down the peninsula to Florida.

The Florida East Coast Telephone Co. Mr. E. E. Voyle, representing the East Florida Telephone Company, East Coast Telephone Co., was a very pleasant social call. He says that this company is building towards Ocala from Juliette and will soon begin building from Ocala towards Juliette and he expects that the distance between the two places will be covered by October the first. He had four car loads of poles to arrive in Ocala Tuesday and building from this end of the line will begin at once.

Mr. Cox has just returned home after spending a week at the Seaside Inn, Daytona Beach with his mother, Mrs. W. S. Pike, of this city. His Ocala friends regret very much that he did not extend his visit to Ocala.

Pretty Compliment for Miss Beck.

Miss Nelle Beck's work on the Pensacola Journal is the best of its kind by any woman or man in the state. She writes fluently, gracefully, easily—a language so plain a child can understand and so pure the classics can't kick.—Dunnellon Advocate.

### Mr. Waterman Returns to South America.

Mr. John Waterman, who has been spending the past two months in Ocala with his mother, Mrs. S. E. Waterman, and other relatives, has commenced his journey back to South America, having left Monday night for New York, whence he will sail for his far away home. Mr. Waterman is in the gold mining business in South America, having been in that country for the past eight years. He expects to complete his labors there in two years and then return to the states to make his home. He is succeeding excellently well and his friends hope that when he returns for good that he will be many times a millionaire. His friends have all enjoyed his visit home very much.

### Edd's Place Sold.

As intimated in this paper some days ago another sale has transpired among our whiskey dealers, the Carmichael Son Co., having disposed of their up-town store, known as "Edd's Place" to Mr. George Drew Hogan.

Mr. Hogan is a native of this county and is a son of Mr. Daniel Hogan, a pioneer settler of the Fort McCoy settlement. He is about thirty years of age, having been born in the memorable year of 1876, the year that Gov. Drew was inaugurated governor of this state, the first democratic governor after the reconstruction era.

Mr. Hogan made his money in the lumber and logging business and has for the past two years, been in business at Dunnellon. He disposed of his interests there last week and immediately invested in Ocala and will make this city his permanent home.

Mr. Hogan has friends living all the way from Fort McCoy to Dunnellon and in all probability will do a very fine business here. All of Mr. Carmichael's old force has been retained by Mr. Hogan.

Clerk—What kind of a hammock do you want, miss?

Summer Girl—Oh, a little one. Just about big enough for one—but—strong enough for two.—Life
